Dear Class of 2014,

It is with great pleasure and honor that we served you as your senior class advisors. As the last graduating class of West Side High School you all truly encompass the key attributes of what it means to be a Rough Rider. Your ability to persevere and make the most out of challenging situations has been inspiring.

As you embark on a new chapter in your life, understand that you can do anything that you put your mind to. When people doubt you and the cards seem stacked against you, remember that the outcome is determined by your ability to rise above the obstacle and take control of your destiny.

You have accomplished much and have made the West Side staff proud of your many accomplishments. Continue striving for excellence and remain grounded in the foundation that you built with the help of your teachers, mentors, and family members.

~Ms. Swinton & Mr. Bender

Graduates;

This is the time in your life when you have reached a monumental milestone in your life; a high school diploma! I wish to leave you these words of encouragement; this is moment to celebrate but not one to live in. I applaud the resilience that you have exhibited in order to even make it to this point; I'm not sure that in your shoes I could have come this far! The fact that you are here and so many others that started this journey with you did not make it this far is a celebration in itself! But ask yourself this question. If I made it this far how much farther can I go?

I believe that there is no limit to what each and every one of you can accomplish and therefore I expect to hear great things about you. Please don't misunderstand this to mean that accomplishment is associated only with another academic milestone. The accomplishments I seek to be made aware of are that you have

improved your ability to be productive citizens, you have developed positive relationships, you constantly seek self-improvement and that above all you value yourself and your community.

I won't ask you to make me proud because I am already proud of you but rather I ask you never be turned away from your dream and to focus on living an abundant life, Peace and Blessings,

Ms. Andrea L. Jones

Class of 2014,

West Side High School has a history of great students who represent West Side everyday with their successes and now share in that common bond of history and success. As you go forth in your endeavors you are and always will be a Rough Rider and you represent the best in all of us.

Good luck as you grow in life and remember all you have learned at West Side. Leave a positive mark on the world, never forget where you are from, and you can do anything with hard work, dedication, and resiliency.

~Mr. Monroe

Congratulations to the West Side HS Class of 2014

Let me be the first to say that I am extremely proud of you and the steps you have made towards becoming responsible men and women. I want you to know that you have just completed a milestone in your life that should not be taken lightly.

Graduating from high school is an accomplishment that you should be extremely proud of. As you venture off to work, college or one of armed services I need you to remember a few things:

1) You are responsible for your own actions, do not blame other for your mistakes, and take responsibility for your actions good, bad or indifferent.

2) Have a plan, remember "if you fail to plan then you plan to fail". Once you get your plan work it, do whatever you have to do to make your plan a reality.

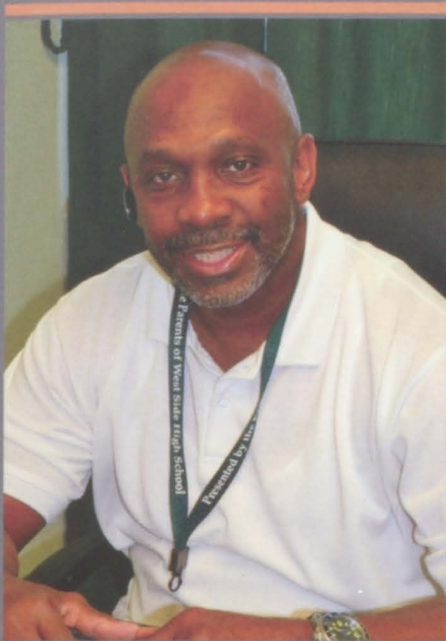

3) In life nothing is promised to any of you and I'm going to tell you just like I tell my son "hard work will always beat talent when talent doesn't work hard." Again I want to congratulate each and every one of you and "Greatness est in totus vestrum".

Should you every need me as you travel through the confusing maze of life do not hesitate to reach out to me:

To the Class of 2014,
As you embark on your future, remember the key values of a West Side rough rider -be bold, be smart, and be persistent. Take on your challenges as an opportunity for growth and learning. You are the generation of change agents that the world needs to become a better place. I hope that you remember fondly your teachers and classmates that have etched memories in your mind and heart. As the athletic director, I want to congratulate my scholar athletes for being able to balance their academics with their athletic commitments. It takes dedication and a spirit of tenacity to meet the standards of a West Side athlete. -Gary Taylor
